Dear Delegates

It is our immense pleasure and privilege to invite you to participate in 6th Annual Nursing Research Society of India (NRSI) North Zone Conference 2020 being organized at Sister Nivedita College of Nursing, IGMC Shimla on the **Theme: Evidence to Action; Application of Nursing Research Outcomes.**

It is an opportunity for nursing students, faculty and professionals to meet indirectly and gain knowledge of nursing research from the eminent faculty and experts who are being invited for the deliberation of the conference. We in the organizing committee are committed to conduct the event on international standard of best scientific deliberations and innovative ideas to promote research activities in nursing. Great care has been taken to design the pre-conference workshop and main conference with through-provoking keynote lecture, plenary sessions and panel discussions.

Nursing Research Society of India

The Nursing Research Society of India (NRSI) is a professional body established in 1987 for the promotion of nursing research in India. NRSI has made remarkable progress in the past three decades under the leadership of various eminent professionals. The objectives of NRSI are to support the development of nursing research activities, provide evidence-based nursing care, provide a platform to nurse scientists to exchange views on nursing research and disseminate research findings for utilisation in the field of health care. These objectives are achieved by organizing conference and workshop throughout the country and by publishing NRSI journal. The society is growing steadily larger and stronger. It envisages innovative solution for the enhancement of nursing services and intellectual advancement for its members within the profession of nursing.

Objectives

- To enhance knowledge and skill of professionals in nursing research.
- To improve utilisation of research, generate and implement evidences.
- To promote evidence based practices among nurses
- To integrate research evidences in nursing practices
- To support the development of nursing research activities among nurses.

Sister Nivedita College of Nursing Shimla

Sister Nivedita Government Nursing college established in the year 2010, offers undergraduate and post graduate nursing education programme through the discovery and dissemination of knowledge through research and other scholarly activity. The college provides educational experience for future leaders in nursing and attached to Indra Gandhi Medical College (IGMC) Shimla.

About Shimla

Shimla is the capital of the northern Indian state of Himachal Pradesh, in the Himalayan foothills. Once the summer capital of British India, it remains the terminus of the narrow-gauge Kalka-Shimla Railway, completed in 1903. It's also known for the handicraft shops that line The Mall, a pedestrian avenue, as well as the Lakkar Bazaar, a market specializing in wooden toys and crafts.
