## INTERDISCIPLINARY CLINICAL NURSING RESEARCH: A WAY FOR IMPROVING PATIENT OUTCOME

**Nursing Research Society of India**, South India chapter comprises the states of Kerala, Karnataka, Tamil Nadu, Andhra Pradesh, Telangana and Puducherry. This conference provides opportunity for nursing researchers to present scientific papers and discuss for the development of clinical nursing research practices.

### Aim:

To develop an understanding among nurses which promotes them to take part in clinical research thereby helps in safe and effective outcome in patient care.

### Conference Objectives

- Describe priority areas, issues and challenges in clinical nursing research.
- To identify clinical research study designs and analysis.
- To be able to critically appraise the good clinical practice guidelines.
- To be able to follow bioethics while conducting clinical Research.

The target groups for the conference are Nurse Researchers, Nurse Educators, Health Care Professionals and Nursing Students from Masters and Doctoral Nursing programme and Researchers interested in Interdisciplinary and Inter professional research. **Registration Closes on 12<sup>th</sup> September 2020.**
